DETAILED ACTION

- Examiner has considered Amendment after Final mailed 8/16/2007.
- Claims 8-10 and 13-14 are pending.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stacie Sundquist on 8/24/2007.

The application has been amended as follows:

Figures 1-6 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.84(c)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

In claim 8, line 1, after "assigned", "to" has been deleted.

In claim 8, line 4, "IP" has been replaced "Internet Protocol (IP)".

In claim 13, line 3, after "assigned", "to" has been deleted.

In claim 14, line 2, "b)" has been changed to "d)".

Allowable Subject Matter

2. Claims 8-10 and 13-14 are allowed.

The following is an examiner's statement of reasons for allowance: prior art of record does not disclose, in single or in combination, if the inputted IP address is consistent with the key value, searching an outgoing interface by using a key pointer included in the node, if it is not consistent with the key value, determining a type of node by searching a node pointer, if node is a leaf, searching the outgoing interface by acquiring the key pointer if the inputted IP address is consistent with the key value in combination with the other limitations of the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure:
